- **Call to Action**
- **Questions?**

# What is ZecHub?

## Vision

- To have fun growing new forms of decentralized governance models, and increase ZEC's utility cross-chain.

## Mission

- To provide an open source educational platform where *community members can work together* on creating, validating, and promoting content that supports the Zcash ecosystem.

## Values

- ZecHub believes privacy is a human right
- ZecHub believes education should be open-source and accessible worldwide
- ZecHub believes community members have a right to earn ZEC privately

# The Initial Conditions

ZecHub RFI 📝  
Community Grants ■ RFI - RFP Grants

januszgrze 1 Aug 2022

"I created ZecHub to give the community a way to be a part of Zcash's marketing efforts. ZecHub is also a lower cost/lift than other efforts being done. The majority of ZecHub is done on free platforms, and the financial cost of all the subscriptions used to support it is roughly 1,000 USD a year. Also, I find the concept of open-sourcing education initiatives, like we open-source code, a very interesting one."

Founded by 

dismud Aug 2022  
I have interest in helping this project because I think education is important in this space. I believe I have the needed skills to help manage this project:

- High interest in the project succeeding
- Believe privacy is a human right
- Have been active in the forums

**STATS**  
105 days visited 2d read time 21h recent read time 377 topics viewed 5.5k posts read 69 ❤ given 173 🎁 received  
1 topic created 104 posts created

- Have a background in Mathematics and Education
- Have also been helping other similar projects: [Cypherpunk Zero](#) and [ZUG](#) discords

I should note I work full time in an unrelated industry and will need some help. Thanks for reading and consideration.

This is the first time squirrel has posted — let's welcome them to our community!

squirrel Aug 2022  
Hi.  
Just getting started on the Library.  
The community note taker role could also involve contributing to or managing the wiki. I'd be happy to put time towards it either way.

Volunteers with a shared interest.

# ZecHub DAO origins

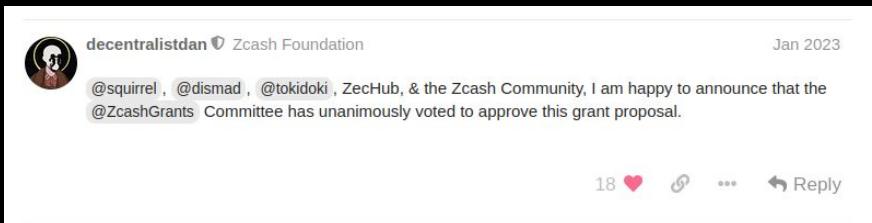

- The history of how the DAO transformed is saved in the #zechub channel of Zcash Global
- First governance NFT created on Ethereum
- <https://opensea.io/assets/ethereum/0x495f947276749ce646f68ac8c248420045cb7b5e68508579595545837219188639426835396144297946198903014937041658925738008510484>
- Snapshot.org created for ZecHub voting
- <https://snapshot.org/#/zechubdao.eth>

We didn't know if this would work!

## ZCG's role

- dismad submitted an initial grant proposal as a Zcash Education Contributor (ZEC)
- Community feedback was given, and signaled support for a ZecHUB DAO proposal instead
- ZecHub: open source education for Zcash was voted on by the DAO, and officially submitted to ZCG

## Birds eye view of ZecHub

In the future, FROST will allow the ZecHub DAO to more securely control the Shielded Bounty Fund!

# Empowering Community

One of Zechub's main objectives is promoting Zcash adoption by empowering the community.

By democratizing content creation, Zechub helps participants develop skills, rewarding members who complete tasks with ZEC.

These participants also learn, through research, about the importance of financial privacy, financial freedom, and the crypto ecosystem in general.

Zechub community members create, on a weekly basis:

- Written content, like Wiki articles and the Zec Weekly Newsletter
- Graphic Content: like banner and infographics
- Audiovisual content: like animated educational videos or video tutorials.

## Aiming beyond

The goal is for members to aim beyond completing single work tasks. To understand the different parts of the ecosystem and integrate in a deeper way.

- By joining the DAO

- By proposing projects for ZCG

- By integrating Zcash payments into their own businesses

# Going deeper

- Core Contributors have these areas of focus:
  - Github/Website/Wiki
  - Zcash Ecosystem news/events
  - Socials
  - Video Tutorials
  - Podcasts
- <https://github.com/ZecHub/zechub/blob/main/CONTRIBUTING.md>
- Zcash Global + Dework
- <https://linktr.ee/zechub>
- <https://free2z.cash/ZecHub>

- Zcash tutorials (video) - up to 1.5 ZEC per tutorial
- ZecHub Wiki - up to 1 ZEC per new page published
- ZecHub Wiki - 0.15 ZEC per accepted translated wiki page
- ZecHub Wiki - 0.1 ZEC per accepted edit to docs
- ZecHub Wiki - 0.05 ZEC per broken link fixed
- Newsletter - 0.5 ZEC per edition
- Translating Newsletter - 0.2 ZEC per translation
- Podcast - 2.5 ZEC per episode posted on ZecHub socials
- We want new engaging content for our social media. You can get up to .75 ZEC for short videos, GIFs, memes or other creative posts.

A graphic featuring the Zcash logo (yellow circle with a black 'z') and the NYM logo (black circle with white 'NYM') positioned against a background of blurred yellow and red light streaks.

Zcash @zcash

Let's take a tour of some Zcash shielded tech

Orchard (2022) is our most advanced shielded pool:

- Required no trusted setup
- Recently released under MIT license
- @Brave wallet & messaging in-progress
- Used for Zcash Shielded Asset protocol (ZSAs)

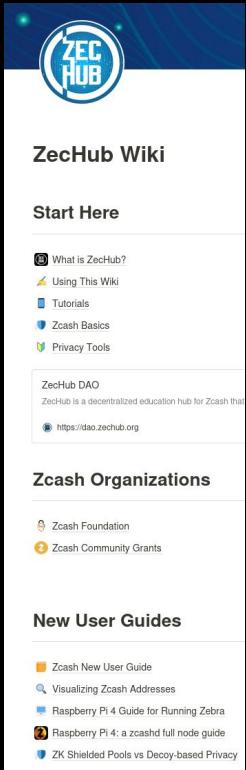

// Orchard

## Community Collaboration

- Zcash Brazil mods & maintaining Zcash Global Discord
- Zcash Espanol & ruZcash translated ZecWeekly editions
- Olek and logy translating Video Tutorials
- Zcash Brazil creating designs for ZecWeekly Covers
- ZFAV Club workshops on Video editing + Design Software
- Ryan and Zerodartz AI creations!

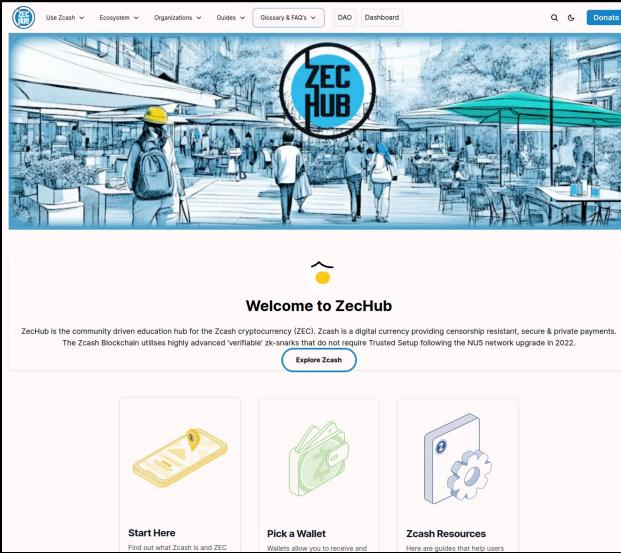

# The ZecHub Site

- Notion based
- Markdown files created via Community
- ZecHub Github forked
- PR's submitted by Community
- Core Contributors Approval needed
- ZecHub Global (Ambassadors FTW!)

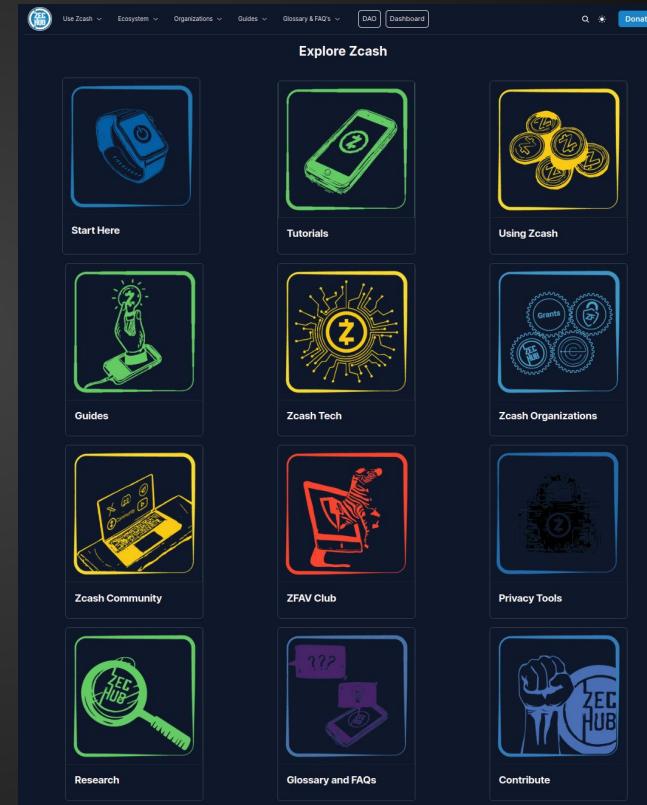

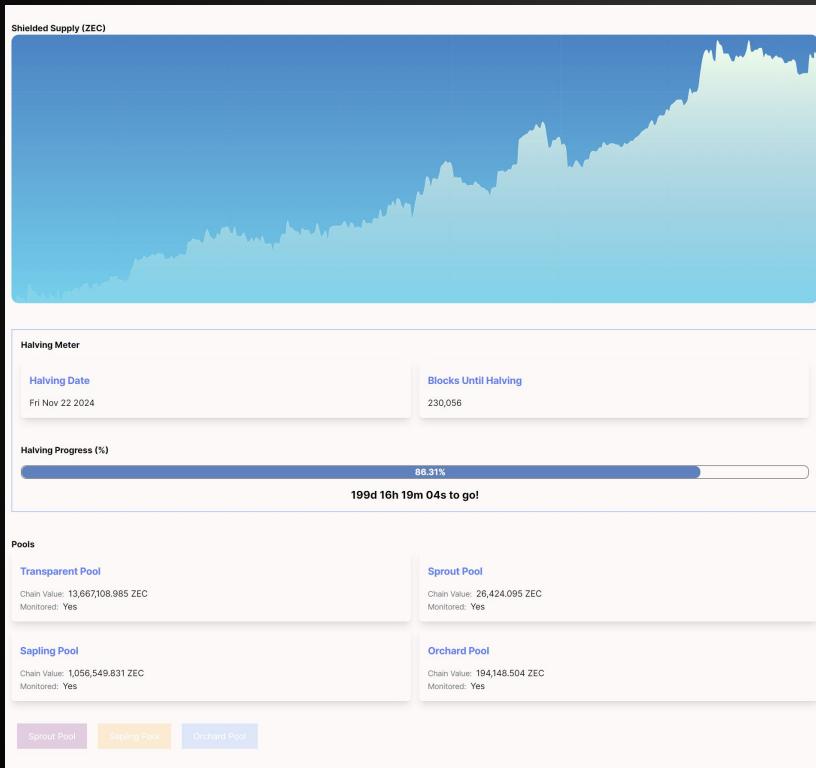

New Site  
Launched Nov 23'

- Concept Inspired by Ethereum.org
- Built by contributor Manuel Rios
- Easier navigation, mobile friendly
- Streamlined update process with Github; easier workflow
- New Features
  - Search function
  - Network Stats
  - Donate Widget

## New Sections:

# Moar!

The screenshot shows the ZecHub website's donation interface. At the top, there's a navigation bar with links like "Use Zcash", "Ecosystem", "Organizations", "Guides", "DAO", "Dashboard", and "Donate". Below the navigation is a large image of a Zcash coin. To the right of the coin is a QR code with the text "Copy & Open Wallet" underneath it. The main area is titled "Donate Now" and contains the following text:  
The goal of ZecHub is to provide an educational platform where community members can work together on creating, validating, and promoting content that supports the Zcash & Privacy technology ecosystems.  
Choose your donation amount (ZEC):  
A slider is set to "Amount: 3.14". Below the slider are five buttons labeled "0.25 ZEC", "0.5 ZEC", "1 ZEC", "2.5 ZEC", and "5 ZEC".  
Enter Amount (ZEC):  
A text input field with a placeholder "0.00000000".

This screenshot displays a grid of wallet filters, each with a logo, name, and a list of supported features. The filters are arranged in three rows of four. The features listed for each wallet include: Mobile, Desktop, Web, Hardware, Transparent, Sapling, Orchard, Spend before Sync, Unified Address, Shielded Memo, BlazeSync, Shielded Memo, Live Sync Dashboard, Automatic Shielding, Multi Coin, Synchronizer, Secure File Transfer, Web App, and Web.

Filters	Zashi	Ywallet
Devices	Mobile, Desktop, Web, Hardware	Mobile, Desktop
Pools	Transparent, Sapling, Orchard, Orchard (in-development), Sapling (in-development)	Transparent, Sapling, Orchard
Features	Spend before Sync, Unified Address, Shielded Memo, WarpSync, Automatic Shielding, BlazeSync, Live Sync Dashboard, Shielded memo, Multi Coin, Synchronizer, Secure File Transfer, Web App	Transparent, Sapling, Orchard
Zingo!	BlazeSync, Shielded Memo, Live Sync Dashboard, Unified Address	Transparent, Sapling, Orchard
Zingo! PC	BlazeSync, Shielded Memo, Live Sync Dashboard, Unified Address, Automatic Shielding	Transparent, Sapling, Orchard
Nighthawk	Spend before Sync, Unified Address, Shielded memo, Automatic Shielding	Transparent, Sapling
Edge	Spend before Sync, Multi Coin, Unified Address, Shielded memo, Automatic Shielding	Transparent, Sapling
Unstoppable	Spend before Sync, Multi Coin, Unified Address	Transparent, Sapling
Trust Wallet	Mobile, Web	Transparent
Exodus	Mobile, Desktop, Web	Transparent
Coinomi	Mobile, Desktop	Transparent

## What's Next?

## What's Next?

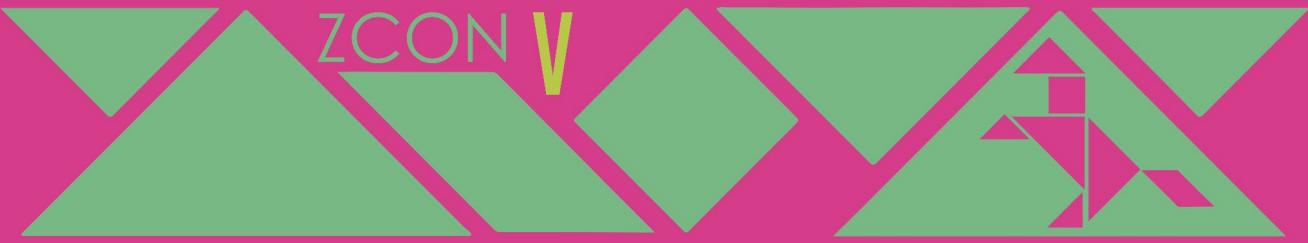

App Factory

A white rectangular form titled "App Proposal Form". It features a "ZEC HUB DAY" logo at the top left. The form has three input fields: "Username" (with an empty input field), "Bounty Request" (with an empty input field), and "Description" (with an empty input field and a "0/450" character limit indicator). To the right of the "Description" field is a QR code with a yellow circular overlay containing a white "Z" and a small orange arrow pointing towards it.

A dark-themed dashboard section showing "Contributors 13" with 13 user icons, "Deployments 312" with three recent entries: "Production" 2 hours ago, "Preview" 2 weeks ago, and "Production – zechub-wiki" 7 months ago.

## Call To Action

- ZecHub education is open to everyone
- Bounties will continue
- ZecHub DAO is open to new ideas
  - Anyone can create proposals!
- Have FUN, expect change, adapt!
