**Paywithz.cash:** The primary Zcash business & services directory. As of February, paywithz.cash was freely given to ZecHub to manage.

**ZECPages 2.0:** Revamp UI & Host service for the community.

**Research SubDAO:** Proposal to provide actionable data & insight into on/offramps for ZEC by ETrinity007.

**DYK Series:** Short educational facts about Zcash proposed by Kroy!

The screenshot shows the PayWithZcash website interface. At the top, there's a search bar with placeholder text "Discover Where to Pay With Zcash" and a magnifying glass icon. Below it is a "Favorites" section containing links to various businesses like Flexa, Njalla, ZECpages, Free2z, Zecmart.com, Red Rock Coffeehouse, ZecHub Store, Calyx Institute Internet, ebook Beginner's Introduction To Privacy, and The Giving Block. The "Food" section lists businesses such as Dunkin Donuts, FYM Hot Sauce, Engluvi Lentils, DaStart Cafe & Bar, Red Rock Coffeehouse, Chipotle, Able Ebenezer Brewing, SheEmprendre, Chocolates by Rosa M Rangel, KingoFood, FibeeCups, Crewe Honey, and HappyMeat. The "OPSEC / Security" section includes links to Njalla, Seven.io, Calyx Internet, and Temp Mail. On the right side, there's a "ZEC-powered Anonymous Memo Board" with a QR code for sending 0.01 ZEC. It shows two messages: one from ANONYMOUS saying "I see so many friends who need not concern themselves with a seemingly grey sky" and another from ANONYMOUS saying "I don't know who is behind the weather, but they must be everywhere! Think about it, weather is everywhere, weather person must be everywhere, right?" Both messages have a red heart icon with the number 1.

## Sprout Pool Funds Migration

Funds in the Zcash Sprout pool (2016) may soon become inaccessible to users

- Use zcashd migration tool to migrate into Sapling (2018)
- Sapling is more secure and allows for wider use for private payments
- Users can then migrate to Orchard (2022) most advanced shielded pool

ZEC HUB

DID YOU KNOW?

Zcash has a block time of just 75 seconds, faster & more private than Litecoin! This means that on average it takes just about 75 seconds to send or receive money privately wherever you are.

### Privacy is Normal

Privacy isn't about shutting out everyone and everything. It provides safety, control and the right to grant access. Privacy gives you the ability to express yourself, to be creative, to spend your time and your money in whatever manner you like, without the scrutiny of others. It protects our intimate moments, our most embarrassing ambitions, our radical ideas, and the ability to be our true selves.
